
WUNDERLICH DURATILE

LOOKS LIKE WALL TILES
BUT COSTS MUCH LESS

Wunderlich Duratile Asbestos-Cement Wall Tile Sheeting fulfills the demands for inexpensive tiled walls for your bathroom or kitchen.

It has all the attractiveness of ceramic tiles, for the surface can be painted or enamelled to suit any individual scheme of decoration.

WUNDERLICH DURATILE

Asbestos-Cement WALL TILE SHEETING

WUNDERLICH DURATILE

Duratile is supplied in stock sized sheets 3ft. and 4ft. wide by 4, 5, 6, 7 and 8ft. long, approximately $\frac{3}{16}$in. thick; the face is mechanically prepared to represent 4in. x 4in. tiling. It is fire-resisting, vermin proof and durable. Duratile is easy to cut and nail, and can be secured direct to plugged walls or timber framework.

Price: 5/6 per sq. yd.

Painting. Paint or Enamel can be applied in the usual way, for the surface of Duratile is primed with a Cement Sealer. For best results apply at least one undercoat and one finishing coat. An occasional wiping over with a damp cloth will keep the painted finish spotless and fresh. The back of each sheet is sealed against the entry of moisture.

Standard Accessories (**Asbestos-Cement**) are available in lengths of 4, 5, 6, 7, 8, 9 and 10ft.

Cover Battens, 2 ins. wide	-	**1$\frac{3}{4}$d.** lin. ft.

BUILD THIS MODERN HOME WITH

WUNDERLICH DURABESTOS

Wunderlich Durabestos is the most economical, convenient and effective sheeting available to-day for lining the walls and ceilings of timber-framed buildings.

A new departure in the designing of modern Durabestos Homes is the horizontal application of the sheets to the interior and exterior walls.

WUNDERLICH

DURABESTOS

ASBESTOS-CEMENT BUILDING SHEETS

WUNDERLICH DURABESTOS

Durabestos is supplied in broad, rigid sheets; they are fire-resisting, weather and vermin proof, and thoroughly durable. Furthermore, they are of a pleasing Grey-White colour that does not require painting.

Durabestos is easy to cut and nail, handle and fix in position.
